Dear Ms. Dean:

On November 22, 2013, Larry Garahana of my staff conducted an inspection on Star Stone Quarries Inc., Lion Heart Quarry, serialized UTU-72299 (S/003/0033), which is located in Box Elder County, Utah. That inspection concluded that the site has been successfully reclaimed with the establishment of desirable vegetation and no further reclamation is needed at this time.

The Bureau of Land Management (BLM) concurs with the inspection report of June 5, 2013, from the Division of Oil, Gas & Mining (DOGM) in that the site was completely reclaimed and vegetation has been established greater than the 70% standard required. Therefore, the remainder of the reclamation surety for the referenced mine site can be released at this time.

If you have any questions, or require additional information, please contact Larry Garahana at (801) 977-4371.

Sincerely,

Kevin E. Oliver
District Manager
